Flames rage dangerously close to Matlabas — 1,800 hectares of scorched earth fought back by brave community members and firefighters.

WHEN THE EARTH BURNS, HEROES RISE

The inferno that swept through Zeldri Park — but Thaba Fire and Rescue and residents worked swiftly to stop the spread.

Thabazimbi — With the land bone-dry and the wind unrelenting, flames once again swept through parts of the Bushveld — but thanks to the tireless efforts of firefighters and community volunteers, disaster was contained before it could consume everything in its path.

On Sunday, 13 October 2025, a fire erupted behind Zeldri Park on the Marakele Road. Thaba Fire & Rescue (TFR) responded immediately and, with the help of nearby residents, managed to extinguish the flames within an hour. No property damage was reported — a testament to the swift and coordinated action of the teams on the ground. But the danger didn't stop there.

The following day, 14 October 2025, a fierce blaze broke out near Matlabas, reportedly starting alongside the train tracks. The fire raged across roughly 1,800 hectares of land. At one point, 35 vehicles and their crews — many of them local farmers and community members — worked with Matlabas Plaasweg to contain the inferno. The

flames were finally extinguished after hours of backbreaking effort, around 20h00 on 15 October.

In the midst of the chaos, one farmer spotted a small turtle desperately trying to escape the heat. Without hesitation, he lifted it from danger — a small but powerful symbol of hope and compassion amid destruction.

A third fire ignited at Amandelbult late that same afternoon, with Thabazimbi and Northam responders, Amandelbult's Fire Team, and Northam Platinum firefighters all joining forces. That blaze too was brought under control by nightfall.

"It's been a relentless few days," said Pierre Loots, director of Thaba Fire and Rescue. "But it's in times like these that we truly see the strength of our community. The teamwork, the bravery, and the spirit of service — that's what saves lives."

Loots added that while the cause of some fires remains under investigation, the recent incidents serve as a reminder of how vulnerable the dry Bushveld is this

time of year — and how critical vigilance and cooperation are in protecting both people and wildlife.

A rescued turtle, carried to safety by a caring farmer — a tiny survivor of a massive blaze.

Tragic farm accident claims life of worker

Thabazimbi – A community mourns as a young boy faces trauma and a family deals with unimaginable grief. Police in Thabazimbi have confirmed that an investigation is underway after an 11-year-old boy accidentally shot and killed a farm worker on Saturday morning, 11 October 2025.

According to police spokesperson colonel Malesela Ledwaba, officers arrived at the farm around 05:45 to find the body of a man, believed to be in his thirties, with a single gunshot wound to the chest. The firearm and cartridge were seized at the scene, and the boy's 43-year-old father was later arrested for negligent handling of a firearm. He was released on R3,000 bail and the case was postponed to 12 December 2025 for further investigation.

"This heartbreaking incident serves as a reminder that firearms must be handled with the utmost care and stored securely at all times," said lieutenant general Thembi Hadebe, provincial commissioner of police in Limpopo.

Out of respect for the family and, most importantly, the child involved, *Platinum Bushvelder* has chosen not to publish their names. The family has requested privacy and did not wish to speak to the media.

A close family friend, who asked to remain anonymous, said that the child is currently in therapy following this tragic ordeal.

We extend our heartfelt prayers and best wishes to the child and the family as they navigate this painful time. We also wish to express our sincerest condolences to the family, friends, and colleagues of the deceased farm worker.

NEW KING JAMES VERSION (NKJV)

HAVE YOUR SAY

Do you think public services fail because government employees are incompetent and simply don't care?

"Yes. In some cases, public servants are simply incompetent — in others, they just don't care. The few departments that do their jobs well rarely get the credit they deserve. Too often, positions go to friends and family who lack the right qualifications, and that's where the incompetence begins."

Nadia Mulder,
Thabazimbi

"No, I believe government employees often fail because they aren't given the right tools or equipment to do their jobs properly. With better resources and more job creation, I truly believe Thabazimbi could start moving in the right direction."

**Neo Meyer,

Did you know?

Did you know that golf has literally gone *out of this world*? In 1971, astronaut Alan Shepard took a modified six-iron to the Moon during NASA's Apollo 14 mission and hit two golf balls on the lunar surface. Because there's no air resistance and only one-sixth of Earth's gravity, his second swing is said to have travelled more than 600 yards! It remains the longest — and most unique — golf shot in history. Proof that no matter where you are, a good swing can take you far!

Die skoolsaal het geskitter van energie en emosie toe almal saamgekom het: matriekleerlinge, onderwysers, leerders en ondersteuners — 'n vol sirkel-oomblik. Die geleentheid was nie somer net 'n formele opening nie, maar 'n viering van oorbrugde uitdagings, verbindings en die aanvang van 'n nuwe hoofstuk met die SR (Skoolraad) van 2025/2026 aan die stuur.

'n Lekker vol skoolsaal — HFM se saal het met vol harte gebons tydens dié betekenisvolle oomblik.
