# STOP THIS BUS NOW!

Two buses were found at the school. The first appears visibly damaged and allegedly transports learners daily. This is the second bus we found.

**Platinum Bushvelder newspaper | Makoppa** – The Makoppa community is raising the alarm. Parents and residents say they have been voicing concerns for months about a bus transporting learners daily between Makoppa and Sentrum (we're not going to mention to which school) – but feel they are not being heard. *Platinum Bushvelder* has received repeated complaints about the condition of the bus and the manner in which it is allegedly being driven.

Since December last year, we have contacted the bus operator, school representatives, Department of Transport, and Department of Education (DOE) officials through calls, messages and emails. Despite these efforts, no clear written assurance or documented confirmation has been provided to address the concerns raised. Some messages went unanswered. Others resulted in referrals without resolution. In certain cases, communication was blocked and rude.

**What residents are saying...**

- Community members allege that:
- The bus appears not roadworthy.
  - It breaks down regularly.
  - Learners sometimes miss school due to breakdowns.

- The driver allegedly travels at high speed on gravel roads.
- Residents say they have personally observed learners travelling in the vehicle despite its visible condition.

**What we found...**

- When the bus was located at the school premises, the following was observed:
- A rear registration
  - Missing front bumper
  - No front number plate displayed
  - Damaged windscreen
  - Licence disc and operator card displayed as valid until 30 September 2026
  - Operator card registered

**Why this matters**

Earlier this year, South Africa was shaken by tragedy when 14 schoolchildren lost their lives in

a scholar transport accident near Vanderbijlpark in the Vaal region of Gauteng. The January crash renewed national concern about the safety and compliance of vehicles transporting learners daily. For parents in Makoppa, that tragedy is a painful reminder of what can happen when warning signs are ignored.

**A community plea**

At the time of publication, no formal statement addressing the specific safety concerns had been received from the transport operator, the Department of Education, or the Department of Public Transport. When we visited the school, we were referred away and advised to contact the Department of Education. Direct contact details for the principal were not provided, and WhatsApp messages sent to the school number remain unanswered. Despite repeated efforts to engage through official channels, the concerns raised by parents have not been formally addressed. For Makoppa families, this is deeply frustrating. They say they are not asking for conflict — they are asking for reassurance and solutions.

**Their message is simple:**

- Inspect the buses.
- Confirm compliance.
- Put our children's safety first.

The bus in question. Visible damage includes a missing front bumper, broken windscreen and no front registration plate displayed. A licence disc is shown as valid until 30 September 2026, despite the vehicle's apparent condition.

The second bus, although in better condition, did not display a current licence disc. The only visible disc reflected dates ending in 2021. Requests for updated documentation were not answered.

Storm-water drain and extensive road damage at the corner of Bokmakierie Avenue and Hamerkop Street, photographed on 21 January 2026. Despite recent repair work, the pothole once again stretches across the full width of the road — and this remains the current condition.

**POTHOLES TODAY, PROMISES TOMORROW?**

**Residents call for lasting solutions in Thabazimbi**

*Platinum Bushvelder newspaper | Thabazimbi*

– As temperatures soar and long-awaited rain clouds gather on the horizon, frustration is once again rising among residents over the deteriorating condition of Hamerkop Street in Thabazimbi.

Heavy daily traffic – including commuters and learners travelling to and from the local high school – has left the road in a hazardous state, particularly at the intersection of Bokmakierie Avenue and Hamerkop Street, where repeated repairs have failed to provide lasting relief.

A photograph taken on 21 January 2026 shows the storm-water drain and severe road damage at this corner. Despite repair work carried out shortly thereafter, the pothole once again stretches across the full width of the road. According to residents, this remains the current condition.

In the second to third week of January 2026,

shortly after residents shared photographs of the damage on social media, Thabazimbi Local Municipality (TLM) undertook pothole repairs at the intersection. While the intervention was initially welcomed, residents say the repair was short-lived. The pothole was reportedly filled with sand, and it has already begun to reform.

Earlier this year, residents measured the depth of the pothole at approximately 70 cm, underscoring the seriousness of the danger to motorists. The four-way stop near Sasol has also deteriorated significantly, with drivers reporting that it is nearly impossible to navigate Hamerkop Street without hitting multiple potholes. The storm-water drainage system at the intersection is also in poor condition, mirroring similar issues across town. Residents argue that without proper drainage and structural repairs, temporary patchwork solutions will continue to fail.

While December brought substantial rainfall, the last meaningful rain fell around 1–2 January 2026. Since then, the area has experienced intense heat and dry conditions. Rain is forecast from Friday, 13 February through Monday. While residents welcome the prospect of relief from the heat and drought, they are concerned that new rainfall will further expose weaknesses in the road surface if no permanent repairs are undertaken.

In contrast, visible progress is being made on Naomi Street — known locally as "PlaasJapie Road," named after the popular establishment along the route. The road, previously a gravel surface, is now being newly constructed and tarred for the first time. This is not merely a resurfacing but a brand-new tar road built by a contractor appointed by TLM.

Parents have welcomed the development, as the route is frequently used for school transport and sports activities. However, many residents question why high-traffic roads such as Hamerkop Street continue to receive temporary fixes rather than durable, long-term solutions.

At the time of going to print, no response had been received from TLM.

Residents measured the depth of a massive pothole at the Bokmakierie/ Hamerkop intersection in early 2026. Although Thabazimbi Local Municipality later filled the hole, it was reportedly patched with sand and has since begun forming again — raising concerns about the lack of a long-term solution.

Construction underway on Naomi Street — known locally as "PlaasJapie Road," named after the nearby establishment. Previously a gravel road, it is now being newly built and tarred by a contractor appointed by Thabazimbi Local Municipality, providing a safer route for learners and daily commuters.

# Lag, Liefde en Lemoene

**Platinum Bushvelder koerant | Thabazimbi** – Die Ysterberg Voortrekkers het onlangs weer bewys dat diensbaarheid en pret hand aan hand kan stap. Van die uitdeel van bederfpakkies aan minderbevoorregtes tot 'n waterglybaan vol skuim – hierdie jongmense leef hul leuse uit met oorgawe en 'n warm hart.

## 'n Hart vir mense, 'n hand van hoop

Met oop harte en helpende hande oorhandig Ysterberg Voortrekkers saam met die Matlabas Custodians bederfpakkies aan inwoners van Thabazimbi – want 'n vriendelike gesig en 'n opregte geselsie beteken net soveel soos die geskenk self.

Op 26 Januarie 2026 het die Matlabas Custodians weer hul jaarlikse projek aangepak om met liefde bederfpakkies op te maak vir minderbevoorregte mense en bejaardes in Thabazimbi. Wat hierdie inisiatief besonder maak, is dat elke pakkie persoonlik oorhandig word – met tyd vir gesels, luister en omgee.

Die Ysterberg Voortrekkers is aktief by die projek betrek om dit nóg meer spesiaal te maak. Jong en oud het saamgestaan om nie net kosbare pakkies te oorhandig nie, maar ook menswaardigheid te erken en vreugde te deel.

Die doel is eenvoudig, maar kragtig: om elke jaar méér lag te deel, méér gesprekke te voer en méér harte aan te raak. Want soms is 'n vriendelike glimlag en 'n opregte oomblik van aandag die grootste geskenk van alles.

Welgedaan aan elke Ysterberg Voortrekker wat hul tyd en liefde gegee het!

Belangstellendes kan vandag nog inskryf om deel te word van hierdie dinamiese beweging:

Glybaanpret en sappige waatlemoen – Ysterberg Voortrekkers koel af tydens hul jaarlikse Waatlemoenfees by die NG Kerk.

## Waatlemoenfees bring waterpret in die bosveldhitte

Op Woensdag 21 Januarie het die Ysterberg Voortrekkers hul jaarlikse opening gevier met 'n heerlike Waatlemoenfees by die NG Kerk. En wat 'n dag was dit nie! Met 'n waterglybaan vol bolle skuim, laggende kinders en hope sappige, soet waatlemoen het die bosveld se hitte min kans gestaan. Jeuglede en hul maats het gesmul aan koue skywe waatlemoen en heerlik afgekoel in die waterwurm se verrissende stroom. 'n Groot dankie aan elke offisier wat die dag moontlik gemaak het, asook aan die borge wat bygedra het tot die sukses van die geleentheid:

- Pick n Pay vir die heerlike waatlemoen

- Nelia Pieterse vir die borg van die waterwurm

Dit was 'n dag van pret, kameraadskap en somerherinneringe – presies hoe 'n nuwe Voortrekkerjaar moet begin.

## Would you turn down a low-paying job now and wait for a higher-paying opportunity later?

With rising living costs and uncertain job markets, many people face tough choices between immediate income and long-term financial security. What would you do – and why?

“No. Any job is better than no job. I've been searching since 2019 – a higher-paying position is never guaranteed. Some income is far better than none.”

**Jim Masilo, Swartklop**

“Nee. 'n Lae-betalende werk bied nou stabiliteit en waardevolle ervaring. As my basiese behoeftes egter reeds gedek is, sou ek 'n beter langtermyn-geleentheid oorweeg. Dit hang alles van jou finansiële situasie af.”

## Did you know?

Pit bull-type dogs are responsible for more fatal dog attacks in South Africa than any other breed, according to available statistics. **Between 2004 and 2023, 38 of 56 fatal dog-attack deaths in South Africa were caused by pit bulls, far more than any other breed — other breeds accounted for only a few deaths each.**

While overall dog bite injuries are common, fatal attacks are rare — but the data shows pit bulls are involved in most of those that are deadly.
