## Thabazimbi Hit Hard in 48 Hours

*Platinum Bushvelder* – Thabazimbi and surrounding areas are counting the cost after two severe storms swept through the region within 48 hours. On Sunday, 19 April 2026, strong winds tore through Setaria, uprooting trees and crushing vehicles. By Tuesday, 21 April 2026, a second storm brought heavy rain, hail and flooding, worsening the damage and disrupting daily life.

The R511 remains closed (as on 22 April 2026) as the Elandskuil Low-Water Bridge lies submerged beneath the Crocodile River. Emergency teams responded across the area, urging residents to avoid flooded crossings as clean-up efforts begin and further rainfall remains possible.

More on page 2.

After the storm in Setaria on Sunday, 19 April 2026 — a fallen tree crushes a parked car. Not the kind of insurance claim anyone wants to explain!

## Thabazimbi Hit Hard in 48 Hours

Scenes from Thabazimbi on Tuesday, 21 April 2026 — beneath this massive fallen tree lies a bakkie, almost completely swallowed by the damage.

**Platinum Bushvelder – Thabazimbi, Northam and surrounding areas** were left counting the cost after two intense storms swept through the region within just 48 hours, leaving behind a trail of destruction, flooded roads, and shaken residents.

On Sunday afternoon, 19 April 2026, strong winds tore through Setaria, uprooting trees and damaging vehicles and property. Emergency teams from Thaba Fire and Rescue responded swiftly to multiple calls for assistance as residents assessed the aftermath.

Less than two days later, a second storm struck – this time bringing heavy rain, flooding, falling branches, and even hail, a rare occurrence for Thabazimbi. Roads became hazardous, visibility dropped, and infrastructure suffered further strain across the area.

**Platinum Bushvelder** spoke to storm chaser Juandré Vorster, who explained that these severe conditions are linked to late-season weather patterns. In his opinion, cold fronts moving up from the Cape are colliding with warm, moisture-rich air from the Indian Ocean and Botswana. This clash creates

unstable atmospheric conditions, resulting in powerful convective storms – sometimes even supercells – capable of producing strong straight-line winds often mistaken for tornadoes.

He added that this year's storm season has been delayed, with fewer early storms followed by sudden intense activity. The surrounding mountains also play a role, creating localised weather systems and updrafts that can intensify storm conditions. Looking ahead, Vorster warns that a colder, wetter winter may be on the horizon, increasing the risk of frost damage to crops and livestock. Rainfall and storm activity are expected to continue for at least another month. Meanwhile, Thaba Fire and Rescue CEO Pierre Loots confirmed that the Elandskuil Low-Water Bridge over the Crocodile River remains submerged (R511), while water levels at other crossings continue to rise. Residents are strongly urged to avoid flooded roads and never attempt to cross low-water bridges during high flow conditions.

As communities begin clean-up efforts, the message is clear: when it comes to extreme weather, caution can save lives.

The R511, still closed for now.

# CAUGHT WITH COPPER

A bag filled with rolls of copper cable recovered during a stop-and-search operation in Northam – the contents led to the arrest of two suspects who could not account for its origin.

**Platinum Bushvelder newspaper | Northam** – Strong collaboration between police and local stakeholders is continuing to deliver results in the fight against crime, following the arrest of two suspects found in possession of suspected stolen copper cables.

The arrests were made on Saturday, 18 April 2026 at around 18:00, during a stop-and-search operation conducted by a multi-disciplinary team comprising the Waterberg Task Team, Northam Crime Prevention Unit, Northam Rural Safety, Northam Y-Cops, and Amandelbult Protection Services.

According to police spokesperson colonel Malesela Ledwaba, officers encountered two men carrying a red bag. Upon inspection, 28 rolls of copper cable were discovered inside. The suspects, aged 65 and 42, were unable to provide proof of lawful ownership. The cables have an estimated street value of R3,500. Both suspects were arrested and detained at the Northam Police Station.

Limpopo provincial police commissioner, lieutenant general Thembu Hadebe, praised the coordinated effort. The suspects are expected to appear in the local Magistrates' Court soon, facing charges of possession of suspected stolen property.

# R2.2 Million Hit CROSS-BORDER SYNDICATE BUSTED IN NORTHAM

**Platinum Bushvelder newspaper | Northam / Thabazimbi / Brits** – A major cross-provincial crime syndicate targeting farming infrastructure has been brought to a halt following an intelligence-led police operation in Northam – ending a crime spree that has cost farmers an estimated R2.2 million.

Two suspects, aged 43 and 49, were arrested in the early hours of Tuesday, 21 April 2026, after a high-speed chase on the R510. The arrests form part of a coordinated crackdown involving Northam Detectives, Visible Policing units from Northam and Thabazimbi, as well as Rural Safety teams from Northam and Koedoeskop.

For months, farming communities in the Koedoeskop area have been under pressure as thieves systematically targeted copper cables and irrigation pivot motors – critical equipment that keeps farms operational. The thefts not only drained resources but disrupted production and threatened livelihoods across both Limpopo and North West.

According to brigadier Hlulani Mashaba, detailed intelligence work uncovered a well-organised syndicate operating across provincial borders. Their method was calculated: transporting perpetrators to targeted sites, dropping them off to carry out theft, and returning hours later under cover of darkness to collect both suspects and stolen

goods. The breakthrough came on the evening of Monday, 20 April, when the suspect vehicle was spotted travelling along the R511 from Brits towards Koedoeskop. Police moved swiftly, deploying teams strategically. At approximately 03:45, the vehicle was intercepted near Northam – triggering a chase that ended in the suspects' arrest in the RDP area. A search of the vehicle revealed a significant breakthrough: 40 irrigation pivot motors, believed to be stolen. Farmers have since been contacted to assist with identification, while investigators work to link the recovered equipment to multiple cases. Already, two cases in Thabazimbi – valued at approximately R270,000 and R80,000 – are being connected to the suspects, with more expected as investigations continue.

The suspects appeared before the Northam Magistrates' Court on Wednesday, 22 April 2026, facing charges of possession of suspected stolen property. Limpopo provincial commissioner, lieutenant general Thembu Hadebe, commended the operation, describing it as a decisive blow against organised rural crime.

For local farmers, the arrests bring a measure of relief – but also highlight the scale and sophistication of crime targeting the backbone of rural economies.

Recovered irrigation pivot motors believed to be stolen – high-value farming equipment often stripped for copper, forming part of a syndicate-linked theft network worth an estimated R2.2 million.

## EVERY UNVETTED ADULT IN A SCHOOL IS A POTENTIAL SECURITY RISK UNTIL PROPERLY CLEARED

**Platinum Publishers | SA** – Specialised Security Services (SSS) states unequivocally: A school without full vetting is not a safe school. A department that delays vetting is not protecting children. A system that allows unchecked adults access to vulnerable learners is creating the conditions in which abuse can occur. Child protection cannot be delayed. It cannot be outsourced to excuses. It cannot be weakened by budget constraints, incomplete paperwork, or bureaucratic indifference. If your child has disclosed inappropriate conduct by a teacher, coach, driver, hostel worker, administrator, groundsman, volunteer, or any adult connected to a school, do not ignore it, do not accept in silence, and do not allow the matter to be buried behind procedure. Victims, parents, whistleblowers, and concerned

community members who require urgent intervention, strategic guidance, or professional investigation are strongly urged to contact Mike Bolhuis of Specialised Security Services (SSS) and his experienced and professional specialist investigators, who remain committed to exposing predators, protecting vulnerable persons, and holding institutions accountable where they fail in their duty.

### THE NATIONAL REGISTER FOR SEX OFFENDERS EXISTS FOR A REASON!

The National Register for Sex Offenders (NRSO) was established specifically to protect vulnerable persons, especially children, from sexual offenders. The Department of Justice makes it clear that the NRSO is a record of persons convicted of sexual offences against vulnerable persons and that

employers such as schools, crèches, and hospitals have an obligation to check whether a person is fit to work with children or other vulnerable groups. This is not optional. It is one of the most important frontline safeguarding mechanisms in South Africa's child protection framework. The Department of Justice also publicly emphasised in February 2026 that the NRSO is intended to ensure that offenders do not work with vulnerable persons, and even recognised schools that had fully complied with these requirements. This means the law is clear, the risk is known, and the expectations are established. Any failure to comply is therefore not a misunderstanding – it is a failure of execution.

**SCROLL, SWIPE... REPEAT.** Many people who feel "addicted" to short videos on apps like TikTok, Instagram Reels and YouTube Shorts are experiencing a real brain response. These platforms use rapid, unpredictable rewards (new videos, likes, comments) that trigger dopamine – the same chemical linked to habit formation. Studies show frequent short-form video use can reduce attention span and increase compulsive scrolling behaviour.

In simple terms: your brain gets hooked on "just one more video" – and before you know it, hours have passed.
