ILLEGAL LAND GRABBING SPARKS URGENT MUNICIPAL WARNING

The Thabazimbi Local Municipality has issued an urgent public warning against illegal land grabbing in parts of Regorogile Extension 8 and surrounding areas, urging residents to report unlawful land invasions.

Platinum Bushvelder newspaper | Thabazimbi – The Thabazimbi Local Municipality has issued an urgent warning against the illegal occupation of land in parts of Regorogile Extension 8 and surrounding areas. In a public notice released on 3 August 2026, the municipality strongly condemned attempts to illegally occupy land and called on those involved to stop immediately. The municipality warned that if illegal land grabbing continues, it will enforce its by-laws, remove unlawful structures and take legal action where necessary. Officials stressed that all land within the municipality's jurisdiction must be used in accordance with the law.

Residents are encouraged to report any suspected land invasions to the Planning and Economic Development Department during working hours by calling 066 474 0660, 078 928 0722 or 071 643 6698.

The municipality also appealed to the community to work together in building a safe, sustainable and law-abiding Thabazimbi.

Police recovered illegal explosives during an intelligence-driven operation that led to the arrest of four suspects in Rustenburg and Thabazimbi.

Illegal Explosives Seized in Rustenburg and Thabazimbi, Four Arrested

Platinum Bushvelder newspaper | Thabazimbi
– Four suspects have been arrested after police uncovered illegal explosives during an intelligence-driven operation in Rustenburg and Thabazimbi. According to the Office of the District Commissioner: Bojanala Platinum Sub-District 2, members of the Tactical Response Team (TRT) acted on information received on the afternoon of Tuesday, 4 August 2026, regarding the alleged illegal sale of explosives.

Warrant officer Ofentse Mokgadi said officers intercepted three suspects in the parking area of Rustenburg Mall, where they were allegedly found in possession of five non-electric detonators, two explosive cartridges, and three cellular phones believed to be linked to the investigation. The investigation later led police to Thabazimbi, where Tactical Response Team members, assisted by Crime Intelligence, arrested a fourth suspect who was allegedly found with 29 non-electric detonators. All four suspects were arrested for the unlawful possession of explosives in contravention of *Section 28 of the Explosives Act, 1956 (Act 26 of 1956)*. They are expected to appear in their respective Magistrates’ Courts soon, while police investigations continue. Acting district commissioner of Bojanala Platinum Sub-District 2, brigadier Mamotsamai Ntoagae, praised the members for their swift response.

The late Maria Mantoa Sale, remembered by family, friends and colleagues for her kindness, gentle spirit and unwavering dedication.

The area near the Mojuteng bridge where Maria Mantoa Sale was found. The tragedy has sparked renewed calls for safer pedestrian routes and improved visibility along the pathway.

A LIFE TAKEN TOO SOON Northam mourns Maria Mantoa Sale

Platinum Bushvelder newspaper | Northam
– The Northam community is mourning the heartbreaking loss of Maria Mantoa Sale, who was tragically killed on Wednesday morning of 29 July 2026 while walking to work. Maria’s body was discovered near the bridge at Mojuteng along the route to Northam. It is believed she was attacked while making her way to work. During the early stages of the investigation, police considered the possibility that Maria had been killed elsewhere and that her body had been dumped at the scene. However, after further investigation and examination of the area, it was confirmed that she was killed where her body was found. The investigation remains ongoing and, at the time of publication, no arrests had been made. Police continue to investigate the circumstances surrounding the murder and are

working to bring those responsible to justice. Anyone with information that could assist the investigation is urged to contact their nearest police station. The tragedy has also renewed concerns about the safety of the footpath used daily by many residents travelling to and from work. Community members have raised concerns about overgrown vegetation along parts of the route, saying it limits visibility and creates potential safety risks for pedestrians. Coming just days before the start of Women’s Month, Maria’s death has once again highlighted the ongoing scourge of gender-based violence and the urgent need for safer public spaces for women and all members of the community. Maria was a valued member of the Northam Toyota family for seven years. Paying tribute to their colleague, the company said: “Maria was more than a colleague; she was a friend, a source of kindness and a bright light in our Northam Toyota family. Her motherly warmth, beautiful spirit and soft singing in the hallways brought joy and lightened our days.” She will be remembered not only for her dedication to her work, but also for the compassion, warmth and positivity she shared with everyone whose lives she touched.

READY TO HIT THE ROAD? Licence Bookings Now Open in Thabazimbi

Platinum Bushvelder newspaper | Thabazimbi – Residents looking to obtain a learner’s or driver’s licence can now make their bookings at the Thabazimbi Local Municipality’s Community Services – Registration and Licensing Department. Bookings are available from Mondays to Fridays, and applicants are reminded to arrive no later than 14:00. Due to the high demand, community members are encouraged to arrive early to avoid disappointment. **For more information, contact the Licence Department on 066 480 7178.**

NOTIFICATION OF COMMENT PERIOD / KITSISO YA PAKA YA DITSHWAELO

Project Name: Oasis Spitskop Battery Energy Storage System (BESS) and Associated Infrastructure
Applicant: Oasis Spitskop (Pty) Ltd
Proposed Activity: The Applicant intends to establish and operate a BESS facility and associated infrastructure in the Thabazimbi Local Municipality in the Waterberg District Municipality, Limpopo Province. The BESS and its associated infrastructure will have a total assessment area of less than 20ha with an energy capacity of up to 600 MWh, with augmentation up to 800MWh. The overall objective of the proposed BESS is to enable energy to be “stored” and released during periods of high electricity demand, ensuring a steady and safe electricity supply and enabling the connection of additional renewable energy generation facilities to the national and/or regional grid.
Legal Framework: The proposed activity requires the BESS to be registered with the Competent Authority, the Department of Forestry, Fisheries and the Environment (DFFE). This is in terms of Government Notice (GN) 4557 – Norm for the Exclusion of Identified Activities Associated with the Development and Expansion of Battery Storage Facilities in Areas of Low or Medium Sensitivity. GN 4557 has been prepared to provide rules for activities associated with the development and expansion of battery storage facilities. These activities are identified under section 24(2) (a) and (b) of the National Environmental Management Act, 1998 (NEMA). They are also contained in the Environmental Impact Assessment Regulations (EIA) Listing Notice 1, 2, or 3 of 2014, promulgated under section 24(5) of NEMA. A Water Use License application will be undertaken in terms of Government Notice (GN) No. 267 of 2017, under the National Water Act, 1998 (Act 36 of 1998) as amended (NWA) - if applicable. An application for Heritage approval (HIA) will be undertaken in terms of section 38(1) of the National Heritage Resources Act, Act 25 of 1999 (NHRA)
Registration as an Interested and / affected party (I&AP): Please submit your name, contact details (telephone number, postal address and email address) and the interest which you have in the application to Ecologia (ppp@ecologia.co.za) and please reference ‘Oasis Spitskop BESS’ in your correspondence.
In terms of the Protection of Personal Information Act, 2013 (Act 4 of 2013) as amended, you hereby declare and confirm that you, as an I&AP providing information, consent to your information to be gathered, stored and distributed for the purpose of this project.

Every pothole fixed is a step towards safer roads

Platinum Bushvelder newspaper | Thabazimbi – The Thabazimbi Local Municipality continues to make steady progress in improving local road

infrastructure, with road maintenance teams carrying out pothole repairs along the R510 (Warmbaths Road) on Sunday, 2 August 2026. The work forms part of the municipality's ongoing road maintenance programme aimed at improving road safety, extending the lifespan of roads and ensuring better service delivery across the municipal area. Motorists are encouraged to reduce speed, remain alert and obey temporary road signs when approaching maintenance teams. The municipality says road repairs will continue.

HAVE YOUR SAY

Would you confront someone littering in front of you?

Littering affects everyone by polluting our neighbourhoods, harming wildlife and blocking stormwater drains. While speaking up can feel uncomfortable, a polite reminder may encourage someone to think twice. Would you say something, or would you rather walk away? Let us know what you would do.

"Ek sal dit nie ignoreer nie. Ek sal die persoon vra of hy dit ook by sy huis doen en of hy dink dit is reg om sy rommel net daar te los."

Denese Chapman, Thabazimbi

"Yes, I would politely speak up if it felt safe. A respectful reminder, together with setting a good example, can encourage positive behaviour and help keep our communities cleaner for everyone."

Boitumelo Moraka, Thabazimbi

PUBLIC POLL: THE RESULTS ARE IN!

Would you confront someone littering in front of you?

NO 33% YES 67%

POLL

Do you think today's children are less intelligent than previous generations?

Research suggests that rising IQ scores have slowed or even declined in some countries. Experts point to factors such as screen time, reading habits, education and lifestyle... but opinions differ. Do you believe today's children are becoming less intelligent, or are they simply developing different skills?

Here's how you can participate. Email us at news@platinumbushvelder.co.za or WhatsApp your response to 081 579 7000. Include the following:

- Your answer: Yes or No
- Why? We want to hear from you!
- A recent photo – We'd love to publish your pic alongside your answer!
- Your town/city
- Deadline – Be sure to send your response before 12:00 on Monday, 10 August 2026.

Vote results: The outcome of the poll will be featured in our next issue. Be a part of our community's story! P.S.: Don't forget, you can also voice your opinion on our Facebook post about this topic. Join the conversation!

Bushveld Bundu Bash 2026

Date: Saturday, 5 September 2026

Get ready for an unforgettable day of outdoor adventure at the Bushveld Bundu Bash! Hosted by Laerskool Van Wykskraal, this exciting event combines three thrilling disciplines – trail running, mountain biking, and off-road motorbikes – in the heart of the beautiful bushveld. Whether you're racing, riding, or cheering from the sidelines, expect challenging routes, stunning scenery, and a fun-filled atmosphere for the whole family. Venue: Laerskool Van Wykskraal | Enter online: <https://tinyurl.com/BunduBash26>

Did you know?

TODAY'S CHILDREN MAY BE THE FIRST GENERATION IN DECADES NOT TO OUTPERFORM THE LAST...

For most of the 20th century, average IQ test scores steadily increased from one generation to the next – a trend known as the Flynn Effect. However, studies from several developed countries show that this trend has slowed, stalled, or even reversed in recent decades. Researchers believe factors such as changes in education, reading habits, screen time and lifestyle may play a role. The big question is: Is modern technology helping young minds grow, or are excessive screen time, endless scrolling and overreliance on AI reducing opportunities to think, imagine and solve problems independently? Researchers are still studying the long-term effects.

Groot katoenbale by Koedoeskop Cotton Gin. In die pluismeule word die katoenpluksel gepluis deur die saad van die vesel te skei, waarna dit saamgepers word in 'n lintbaal en gereed is vir die tekstiel- en vervaardigings bedryf.

Platinum Bushvelder koerant | Koedoeskop
– Koedoeskop Cotton Gin sê die vooruitsigte vir die 2026/27-katoenseisoen lyk baie positief, met warmer en droër somertoestande wat volgens weervoorspellings gunstig is vir suksesvolle katoenverbouing.
Katoen bly een van Suid-Afrika se belangrikste kontantgewasse en lewer 'n waardevolle bydrae tot die landbou-ekonomie. Die gewas word hoofsaaklik in warm, rypry gebied verbou waar voldoende sonlig en goed gedreineerde grond ideale groeitoestande skep. Afhangend van die kultivar en klimaat neem dit gemiddeld vyf tot ses maande vanaf planttyd voordat die katoen oesgereg is.
Ná die oes word die katoen na Koedoeskop Cotton Gin vervoer waar die vesels van die sade geskei word. Die katoenvesels word daarna in bale saamgepers en aan die tekstielbedryf en

ander vervaardigers verskaf. Die sade word verder benut vir onder meer katoensaadolie, veevoer en die produksie van plantsaad.
Katoen is 'n uiters veelsydige natuurlike vesel wat wêreldwyd gebruik word in die vervaardiging van klere, beddegoed, handdoeke, mediese produkte en verskeie industriële tekstiele. Benewens die waarde wat dit vir produsente inhou, ondersteun die bedryf ook werkskepping en die plaaslike vervaardigingsektor.
Volgens Nico Swart van Koedoeskop Cotton Gin begin 'n goeie oes en uitstekende veselkwaliteit reeds by planttyd. Die gebruik van geregistreerde, hoë gehalte plantsaad en die keuse van die regte kultivar speel 'n deurslaggewende rol in die eindresultaat.
Cotton Seed Enterprises (CSE) het sy nuutste kultivar, CX 22 BGIIRF, aan die einde van November 2025 geregistreer. Gedurende

die 2023/24-seisoen het dié kultivar in semi-kommersiële besproeiingsproewe in die Makoppa-gebied indrukwekkende opbrengste van tussen 8 en 8,5 ton per hektaar gelewer.
CX 22, met sy Sicot (71x74)-genetiese agtergrond, bied 'n hoë opbrengspotensiaal en bogemiddelde veselkwaliteit. Dit is 'n mediumseisoen-kultivar met 'n groeityd van ongeveer 150 dae en is, soos Candia, 'n natuurlik beperkte groeier. Dit beteken laer dosisse groeireguleerders is nodig om vegetatiewe groei te beheer. Vir die komende plantseisoen is voldoende voorraad van beide CX 22- en Candia-saad deur CSE by verspreiders beskikbaar.
Albei variëteite is behandel met Gaucho, Celest en Apron.

Die "Red Hats" se Lionesses-vrouegroep het onlangs Koedoeskop Cotton Gin besoek om meer oor die katoenbedryf en die pluisingproses te leer, aangebied deur Nico en Ronel Swart. Voor van links: Ronel Swart, Lerina Els, Petru Vorster en Rosarie Saaijman. Tweede ry: Ria van der Walt, Wanda Bierman, Barbara Ferreira en Daleen Kingma. Derde ry: Annetjie Herbst en Susan van Deventer. Agter: Nico Swart, Debbie Barnard, Ralda van Zyl en Mollie Prinsloo.

Ook die internasionale katoenmark toon tans bemoedigende tekens, met gunstige prysvooruitsigte vir die 2026/27-seisoen en 'n volgehoue wêreldwye vraag na gehaltekatoen. Hoewel katoen 'n bestuursintensiewe gewas is wat deeglike beplanning en kundigheid vereis, bly dit een van die winsgewendste gewasse vir produsente. Daarbenewens is dit 'n uitstekende wisselbougewas wat tot beter grondgesondheid en volhoubare produksie kan bydra.
Vir meer inligting oor katoenverbouing of navrae kan Nico Swart van Koedoeskop Cotton Gin by 082 782 2983 gekontak word.
